intended for people with positive attitudes and for keeping our scene alive. The name doesn't suggest to go out and destroy everything in sight, but to destroy the things that keep our scene screwed; fights, bad attention from the media, ect. Generally, to get rid of all the things that give us a bad name. In order to do this, we have to contribute to our scene in every way we can; zines, bands, ect. If you would like to contribute to C.D. please do. Our addresses and phone numbers are in the back. Send us a letter, tell us what you think. All contributions of any kind are welcome.

Ill Repute is Tony-guitar
John-vocals
Carl-drums
Jim-bass

They were interviewed at
Mystic somewhere around
Sept. or Oct. by Caspy.

C;How long have you guys
been playing?

T;Almost three years, since about November 81 we've been together,
we're all the original members too.

C;I heard you guys just went on tour how did all that go?

Carl;fucked

Jim;It was good where we got to play but we kept breaking down
and didn't get to play at that many places.

C;Do you guys headline a lot more shows when you go on tour?

Tony;On tour we can because a lot of the time people will go to
the shows whether they've heard the band or not and if an unknown
is headlining, they're probably going to want to know what
they sound like.

John;We're starting to get up there locally too, I guess.

C;What are you usually getting paid at shows?

Tony;We're pretty flexible about that. We don't say "Well we want
this guarantee and if they lose there ass we still want our \$300"

C;Do you mostly split it with all
the other bands playing?

John;Ya, with whats available.

Jim;We make like \$200 alot, and
then sometimes like \$50 or so.

Carl;But then sometimes we don't
make anything or we end leaving
equipment there so they get paid.

C;What about your mail order, do
make a lot of money off all that?

All;We got a lot of shirts.

John;Maybe we should give em the
adress so we can get some more.

All; ILL REPUTE

Tony;The shirts are \$6.00 large
only, hangman or album cover.

Make m/o's payable to Tony Cortez.

We'll put in some stickers, & shit.

C;Do you have any shows coming
up soon or anything?

John;Hopefully some Goldenvoice
coming up pretty soon here.

Tony;We're trying to concentrate
on our new records right now.

C;When are those coming out?

John;In early 85 we'll be putting

ILL REPUTE

P.O. BOX 1812 OXNARD, CA. 93032

out a 7" live record, we'll be recording that Sun. October 28
(Carl's B-day) at a live recording party inside Mystic Records.
C;Anything else?

Tony;After the 7" we're going to try to start doing another
record.

C;What about all the Mystic comps. coming up?

All;You can hear us on the new We got power 2, and the Mystic
cover compilation, and the Copulation all coming out soon.

DOGGY STYLE

REPORT

Well, first off, I'm sure everyone in Orange County has heard of the Flashdance closing down. It's too bad, they really started setting up some great shows there. Unfortunately, there was a problem with some license that the owners just could'n't get under control. For a while, they did'n't allow any going up on stage or dancing of any kind. That made the shows pretty boring for the people that like to get up there and go balls out over their favorite bands. But even when there was no dancing allowed, bands like DOGGY STYLE, UNIFORM CHOICE, JUSTICE LEAGUE, and others still put on great shows.

UNIFORM CHOICE is about the closest you'll ever get to seeing MINOR THREAT. And since your never going to be able to see them again you better see U.C. They are a very positive energetic, fast hardcore band worth every penny you pay to see them. For right now, they have a 10 song tape out and you can also be looking forward to seeing some vinyl out by this summer. DOGGY STYLE is one of the funnest bands I've ever seen. 100% guaranteed you'll have a blast every time you see them. They're the only people I know that can get a whole stage full of people doin' it DOGGY STYLE. They have a great variety of songs, all of them get a lot of crowd participation. They have

a record out on Mystic (see reviews) and will be playing around the Southern California area for a long time. Expect a tour soon too, see ya up there! JUSTICE LEAGUE-Great band, like U.C. and DOGGY STYLE, these guys will definately get your adrenalin going. Songs like "Use your own head" and "Don't forget the kids" tell you what this band is about. They have a record out soon (if not, now) on Leading Edge and I know it will be great. I was able to hear their demo tape and they said the record will be even better, don't forget these kids! Some more bands to look for are DON'T NO, fast band from Huntington Beach/Venice area. They've been around for a while so you've probably seen them or heard them on their debut Finch (see reviews). If you have'nt, make sure you do cause their well worth it. VIOLENT PSYCOSIS is another band from th-Huntington Beach area, I've only seen them once a long time ago at Cathay and they were really hot. Look for upcoming info on V.P. Love Canal have'nt been playing that much but when they do, they're always fun to see. We should be interviewing LOVE CANAL in the next issue of CONSTRUCTIVE DESTRUCTION. MIA has another record out soon. It will be hard to follow up the "Murder in a foreign place" record, but you can always expect a lot from these guys. CONVICTED got back together and played a few shows

but kind of went out as fast as they came in. If their going to play and you hear about it, go see them. They're a fast, powerful band (They remind me of Slayer) definately worth seeing. PILSBURY HARDCORE is a really funny, Pamona thrash band. With songs like Iv'e never heard before. "7-11 is god", and my favorite-"Hey Bob, what's up", just to name a few. (Look for future interview with PILSBURY HARDCORE coming soon in C.D. JUST BECAUSE will be playing this summer, they're working on getting their stuff down perfect right now and will be playing for you real soon. I've seen them plenty of times (more than you think) and these guys rip. Definately look forward to them. B.F.S. is practicing some more and hopefully will start playing again by this summer. It seems that they split up for a while, but are back by popular demand. Look for em' real soon. HVY DRT is a band from Fullerton that have been around for awhile.

REPORT AND PHOTO'S BY CASEY

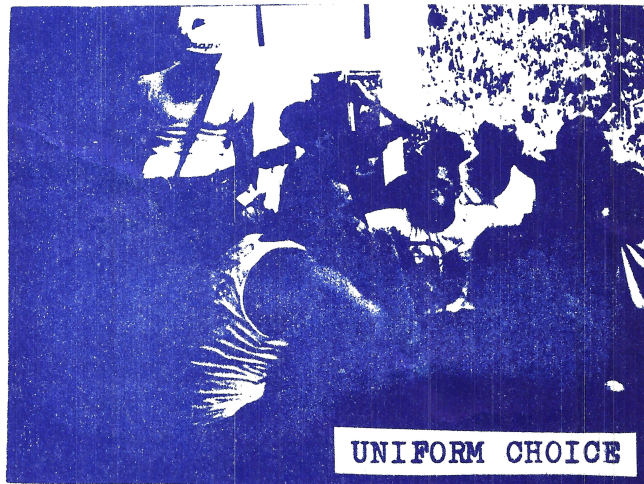

UNIFORM CHOICE

ALL UCx INFO

I've only seen them once and didn't see a whole lot to judge from. See them for yourself and make your own opininions. We'll try to get more on them-Sorry. YOUTH BRIGADE has been playing O.C. a few times, putting on some pretty good shows. They played with S.N.F.U. and U.C. at Flashdance and all the bands ripped. They also played Fender's and announced the departure of the bass player and possibly the drummer. I heard that Steve Youth from SEVEN SECONDS will be playing bass for them, but

I also heard that that's just a rumor-who knows? Send us a letter if you have any info on that. You can look forward to seeing SUBHUMANS, AGNOSTIC FRONT, SCREAM, EXPLOITED, G.B.H., ADRENALIN O.D., U.K. SUBS, M.D.C., and possibly MARGINAL MAN, and the F.U.'S. from now through this summer! We'll try to interview as many of these bands as possible.

AGRESSION

Agression • P. O. Box 7388 • Oxnard, CA 93030

c;What are some things coming up for Agression?
 bob;Were going to be putting out a 7inch on
 Mystic soon. Were also going to be playing in
 San Francisco and then in New York when spring
 comes around. Then after we get that all taken
 care of were going to be doing another album.
 c;How long have you guys been playing?
 bob;About four years now. Its been a while.
 c;Has the band been changing around or is it
 pretty much all the same original members?
 bob;Me and Mark and Henry are all sort of the
 mainstay of the whole thing. We have all been
 in it since the beginning and then we've changed
 drummer a few different times and tried a few

Bob and Brad (The new
 rythem guitarist) were
 the only ones present
 except Brad didn't
 talk much.

Agression is Bob;bass

 an Ill Repute recording
 party by Sean and Casey.

rythem guitarists but we've never
 really used one.
 s;What do you guys make on the average
 at gigs?
 bob;It depends, usually anywhere from
 100 to \$500
 c;Was \$500 at the Olympic show with
 G.B.H. and Youth Brigade?
 bob;No I think we made \$600 at that one.
 s;How much did you lose throwing out
 these guitars?
 bob;I bought those guitars at a thrift
 store and only paid \$10 for both of
 them. They both worked, so I just put
 a bunch of stickers all over them
 and then through them out there.
 s;I don't think there was that much
 left of them when it was over.
 bob;No I saw some guy up by the snack
 bar with just the body of one of the
 guitars and he said that it got broken
 up into about three different pieces

c;What about those skaters at that skate gig?
bob;They gave us those to throw out, we also threw
out a bunch of stickers and other stuff too. That
was a three day thing for us though, the next night
we played in Frisco and then Sacramento on the
next night, all those with Big Boys and JFA.

c;Do you guys all skate a lot.
bob;Ya, we all skate before the new York thing?
c;What about any shows before three mini-west tours,
bob;We're going to be doing three mini-west tours,
one around the Northwestern coast, and one in Vegas,
Tahoe, Phoenix area, and then we'll be playing a few
places in Texas and around there.
c;When you first started out was it really hard to
book shows?

bob;Definately, because no one really wants to do
anything unless you have a tape or some vinyl out.
It took us 2½ years before we did the "Someone got
their head kicked in" comp.

c;Were those the first songs Agression ever had out
on a record?
bob;Ya, those three songs got us a lot of attention
though because right after it came out we went on tour
with Battalion of saints and made it as far as Oklahoma.

s;Who writes most of your songs?
bob;Lately I've been writing some of the music, but
Henry writes it all the other times, and Mark writes
pretty much all the lyrics.

c;That song on the Nardcore album is a little different
than most of your other songs, are you taking a
different pace with your music now?
bob;No it's just something a little different that we
wanted to see how it would come out.

c;How do you like it?
bob;I think it came out really good, both of them did.
s;Whatever happened to those 8-10 band gigs that used
to go on in Oxnard and a few other places?

bob;There's no one promoting shows in Oxnard right
now because of all the assholes that thrashed on things
and caused trouble. La casa de tropical got shut down
because of people trashing the bathrooms and some other
stuff. That was a good club too, because i went to
twelve shows there and didn't see the cops once. So
it's just the assholes that are fucking up our scene.

s;Any last things you want to say?
bob;Just for everyone to cooperate and keep your scene
together, don't end up like Oxnard having to drive all
the way to L.A. just to play your shows.

SCARED X STRAIGHT SXS SXS SXS SXS

Scared Straight is:
Scott-Vocals
Steve-Guitar
Dennis-Guitar
Morgan-BASS
James-Drums

They were interviewed at Mystic Records on October 28, 1984 at an Ill Repute recording party. (This was our first interview and there was a lot of noise in the background so it came out really bad, sorry guys)

CD: What other vinyl are you guys going to besides the songs on Nardcore?

Scott: Well we've got the songs on Nardcore plus we're going to be doing a seven inch on Mystic pretty soon, it will be our basic stuff pretty much clean and fast.

CD: Is the whole band straight edge?

Morgan: Scott, Steve, and Dennis are. Me and James aren't really I mean we drink a little every now and then but we don't do heavy drugs or anything.

CD: Do all you guys skate?

Morgan: Well I used to skate, but that was until I broke my leg but Scott, and James, and Dennis do (Scott interrupts- HE BROKE HIS ARM!) Steve never skates, he's a surfer.

CD: How do you guys feel about coming all the way down here to do most of your shows and stuff?

Scott: You should know you live all the way down in Laguna Hills!

CD: Well there used to be a place down by us in Laguna Beach called the Inferno, but as usual just like all the other local clubs it got closed down.

Morgan: That's what sucks about the Cathay going to be closing soon because it was a good place for small bands to play and get noticed.

CD: How long have you been together?

Scott: We've had the band together for about nine months now.

Morgan: No we've had the band for about 10 months and about five months ago we added our second guitarist.

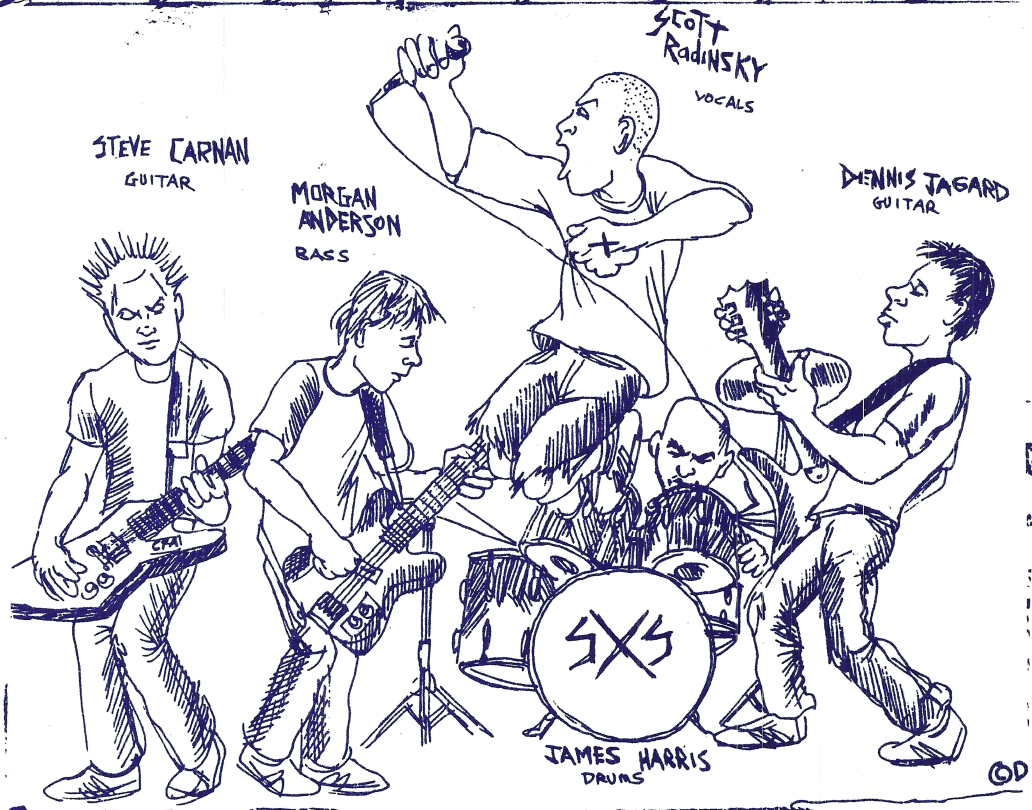

CD: What are some of your influences?

Morgan: Well I like Slayer because they're really talented and everything.

Scott: My favorite bands are False Confessions and Ill Repute.

CD: What are all your songs about?

Morgan: Scott writes most of the songs and they're basically about sticking together and things that happen to us all every day.

CD: Are you guys a TMA band?

Scott: Yeah pretty much so.

Morgan: It depends on the time that we're writing the song and how we're feeling when we write it. Like the song Peer Pressure we just made up the day before we recorded it for Nardcore. We didn't even have any lyrics for that song at first so Tony from Ill Repute helped us out with them.

Scott: Morgan always says he has these great songs made up but then when he gets to practice he always seems to forget em'.

Morgan: Yeah I say I made up some songs and then I just end up making them up when I get there.

CD: Any last comments?

Scott: Keep a positive attitude and think america, not england.

Punk achieves new high

Anonymous

Punk gang violence is becoming more prevalent in today's society. Many people wonder where this movement comes from and where it is going.

Violent punks think they are true punks. Although some people think that punk is just a matter of style or a fad, it is much more than that to violent punks. They believe punk is a way of life, not just a type of music or a style of dress.

Most thought that with the death of Sid Vicious in 1979 punk was dead, but they were wrong. These people were wrong because a punker becomes punk to rebel. They rebel against their family and so-

ciety as a whole. These punks live to kill. They are tired of being dregs of society. They usually have severe family problems. This is why they are out to kill.

All their lives they feel they have been treated as dogs, which made them wild. They develop instincts to hurt all.

If one examines a typical punk concert, he will agree, for at a typical concert the singer vomits on a crowd of screaming punks. This just starts the show. As the concert goes on the performers will hit the audience with their guitars. The audience loves it. The more violence that goes on the more the punks scream for an encore.

Although most of the punks are young, some are in their 30's. An older punk has an entirely different philosophy from that of a younger one. An old punker is quoted as saying, "Punks shouldn't smoke, drink, and take drugs, because if they do they are a hippie, not a punk." But a younger punk wouldn't listen to this logic, and takes drugs on a daily basis.

This problem will not vanish as long as society continues to produce fragmented young people from broken families.

The above article does not necessarily represent the opinion of The Broadcaster or its staff.

This is some lame article we found in a Tustin High School newspaper. This just goes to show what the media really knows. Unfortunately, there are a lot of ignorant people out there that do believe this trash. How many times have you gone to a show and been vomited on by the singer and then hit over the head with a guitar and asked for more? The people that read this are going to keep on thinking this until we show them different. So, what are you going to do about it?

RECORD REVIEWS

DOGGY STYLE-Work as one 7inch e.p. Finally! The long awaited record by these O.C. faves. Doggy Style has definately done it this time. With songs like "Nymphomaniac", "Emotions", and "Support&Beleive". This is without question one of my best records. This record is far from typical with fun, singalong material. Mostly fast with some slower parts for gettin' in on the fun. Surely a must for your collection. (Look for interview with Doggy Style in the next issue) Mystic Record Group 6277 Selma Ave. Hollywood, Cal. 90028/213 462-9005

Adrenalin O.D.-The Wacky Hi-Jinks of A.O.D. 12inch l.p. This multi song album by these guys came out really great. This recording is also a lot better than their 7". It has some variety like an instrumental "A.O.D. vs. Godzilla" and a backwards unsatanic message, but it's mostly a lot of fast, hardcore A.O.D. /Buy Our Records

Don't No-The real world 7inch e.p. Chalk up another one for Mystic. Besides a track on a compilation a while back, this is Don't No's first vinyl release. They did a really good job on this one-a real clean, tight band. "B.L.T.C." is my fave. (Look for upcoming interview with Don't No in C.D. #2or3) Mystic Record Group 6277 Selma Ave. Hollywood, Cal. 90028/213 462-9005

Mystic Sampler #2 12inch comp. l.p. The follow up on the Mystic sampler #1. ILL REPUTE, SUBTERFUGE, DOGGY STYLE, AGRESSION, DR.KNOW, RKL, OTHERS. The bands I've mentioned have good songs, the others are a variety of Mystic bands that appeal to many people. Overall, it's a pretty good record, it's on blue vinyl too. Mystic Record Group 6277 Selma Ave. Hollywood, Ca. 90028/213 462-9005

Die Kreuzen-12inch l.p. on Touch & Go. This record has been out for a while now (pressed in 84), but I just thought I'd tell you about it anyway. It's not as different as a lot of people said it was. I like it a lot. Again, I can't make out what words he's saying (no lyric sheet), but it's still a way cool record. 21 good songs on this one--buy it! Touch & Go P.O. Box 716 Maumee, Oh. 43537

Ill Repute-Halloween live 7" e.p. The third record for Mystic's own. I think the sound could have been a trace better, but then again how great of a sound can you get from a live record anyway? They definately put some goodies on this one-"Fuck with my head", "Fill it up", "Sleepwalking 1&2", and Ill Repute's own version of "Monstermash" (Remember that one) If you've never seen Ill Repute, buy the record. It's the closest you can possibly get. If you have seen them, buy it too. It will bring back spme good memories, Lots of singalong too. Mystic Record Group 6277 Selma Hollywood, Ca. 90028

Neos-Martian brain squeeze e.p. I don't even know where to start? This is without a doubt the fastest band I have ever heard in my entire life. It's super hard to find but I don't think it's out of print or anything. This is a really good record all around, it's got a lyric sheet that has words and music so your band can learn how to play it. I doubt you'll be able to go as fast, but you can try. The lyrics are very positive too. 14 songs of unbelievable fast music. There really clean and tight too. It's not a trashy recording and they don't get out of timing either. Definately a must!! /Steve 1706 Mortimer, Victoria, BC Canada V8P 3A8

The following records were pressed in 1984 but we're going to review them anyway for those of you who have'nt heard them yet. Most of them are'nt that popular so you'll probably have to look around a bit.

Jackshit-Hicktown 7inch e.p. This is a really cool band from Tahoe/Reno area. It features songs like "E.T. go home" and "Gimpy". Steve from Seven Seconds plays bass for them too. They don't sound much like Seven Seconds, but they have a really unique sound of their own. Mostly faster material with a little bit of variety in some songs. 6 good songs, look for it! Squirtdown Records 5012 Lotus St. SD, CA. 92107

Neon Christ-7inch e.p. I'm pretty sure this is Neon Christ's only release besides the track on the Peace comp. This 9 song 7inch offers some thrashin' political songs, some social matters too. Their song on the peace comp is a sample of what's offered on this, I've only seen this record once in a store and I bought it. If you see it and you like semi-thrashin' songs, snag it. Otherwise write the record company for details. Social Crisis Records/ 641 E. Morningside Dr. NE Atlanta, Georgia 30324

Malefice-Overboard 7inch e.p. I never heard of these guys until someone at Toxic Shock noticed my taste in music and told me I'd probably like it. They were right. This is a great band. I know their going to get pretty big. It sounds like a speed metal band with a singer that sounds like a mixture between Screem/Necros. It's got some really in depth lyrics about death & dying, pretty unusual but it's a great buy. It would have been better if they put a couple more songs on it, but it's still worth it. D.S.I. Records P.O. Box 346 Dunn Loring, VA 22027

Bouncing Babies-12inch comp. I think they could have done a better job on this. Some of the bands are really great but I've heard better by them. Screem and Artificial Peace have really good songs, some of the others are O.K. Other bands featured are Government Issue, Void, and a lot of other local Eastern bands. At first, it was supposed to be a continuation on the Flex Your Head record with an assortment of D.C. area bands /midwest bands but that failed. They ended up putting on a lot of different style music from the East Coast only. 18 different bands, you might want to give it a listen. Fountain of Youth Records 5710 Durbin Rd. Bethesda, Maryland 20817

The Middle of America compilation 12inch l.p. Chicago has some good bands as featured on this record. Naked Raygun, Articles of Faith (great song by AOF), Out of Order, Effigies, and others. Most of the bands are pretty fast, some different stuff too. I'm pretty sur most all of these bands have other vinyl out. Check with the record company to find out. 8 bands/15 songs. Contact H.I.D. Productions, Ltd. Evanston, IL 60204

Stretch Marks-What D'Ya See l.p. This is sure buy. 13 great songs. Now Stretch Marks has two cool records. If you like good, clean fast music you'll love this. It's an excellent recording too. Sounds great. (I think they're coming out again soon, don't miss em') Better Youth Organization P.O. Box 67A64 L.A., CA. 90067

Flesh Columns-Scheigew Vor Dem Sturm 7inch e.p. What that means, I have no idea. I bought it because it's on Touch & Go. Kind of slower material. It's O.K., good sound quality. Touch & Go P.O. Box 716 Maumee, OH 43537

Sluggo-Contradiction e.p. The first vinyl effort from this Cincinnati bunch proves to be pretty catchy with songs like "Contradiction" and "Erase the thought" plus six others. It's a fast thrashy record featuring vocals by a 14 year old and the rest of the band ranging from 15-17. Shag Dog Records 1314 Ault view ave. Cincinnati, Ohio 45208

Dischord #14- S.O.A., Teen Idles, Government Issue, Youth Brigade. Well, here it is! For all of you who missed all these Dischord 7 inches, now's your chance to get all of them on one record. Around 40 songs by these four incredible bands. Definately the best 84-85 record-Buy it! Dischord Records 3819 Beecher street, N.W. Washington D.C. 20007

Stranglehold-7inch e.p. This band features ex-Gang Green, Jerry's Kids member Chris Doherty. This record is much slower (but still good) than most of the Boston H.C. If you like slower paced hardcore this is probably your record. Taang 89 Oak street. Weston, MA. 02193

Stukas over bedrock- 7inch e.p. This three song disc has some truly hilarious songs. You can listen to it for hours at a time. Buy it if you like fun, sad, moody songs. Upstart Records 11343 Homedale street, Los Angeles, CA 90049

As you can see, a lot of our record reviews are of records that have been out for a while. The ones that are'nt very new are records that are'nt that common so we thought you might like to hear a little about them. We do this to let you know how good some records are that you might not have bought otherwise.

Samhain-Initium 12inch l.p. It sort of sounds like a slow Misfits record. Since the band consists of ex-misfits members, that's understandable. The high points include the song "Samhain" & "Black dream". If you like the Misfits I'm sure you'll like this. Samhain should have their new 12inch out by the time you read this (It will be called "Unholy Passion" Plan 9 records P.O. Box 41200 Lodi, N.J. 07644

Uniform Choice-Sober demo tape This unbelievable 10 song tape has been out for quite a while now, if you have'nt got it yet, make it #1 on you're list. Definately one of the top bands around right now. My favorites are "Every single song on this whole tape" Some songs stand out, but they're all great. Like I said, if you don't have it make sure you get it soon. Who knows how long you'll be able to find it. Uniform Choice c/o Pat Dubar 10949 La carta Fountain Valley CAL. 92708

P.E.A.C.E. compilation This double record album has a marathon of bands on it. 55 to be exact, also a 72 page zine comes with it. There's bands from 13 different countries on these two discs including BGK, Reagan Youth, D.R.I., Upright Citizen M.D.C., Neon Christ & a whole lot more. Lots of political stuff too. R Radical Records 2440 16th street (103) San francisco, CA. 94103

...AND NO ONE ELSE WANTED TO PLAY
(BYO 009) Available on Cassette

Finally the debut LP from one of Western Canada's great bands. They started to receive attention after "Womanizer", their blazing attack against sexism featured on last years highly acclaimed "Something To Believe in" comp. Now with this 14 track LP, we know they'll soon become established as another in a long line of inspiring bands. From the humorous "Cannibal Cafe" and "She's Not On The Menu", to the thoughtful "Mistortune" & "Broken Toy", this record is a must for your collection.

7 SECONDS (\$4.50)
WALK TOGETHER, ROCK TOGETHER
(BYO 010) Available on Cassette

Here we have it, the follow-up to last years "The Crew" LP. Again you won't be disappointed. This 7 song E.P. is non-stop anthemic tunes. Produced by Ian MacKaye and recorded in D.C. this record has something for everyone. From the title track, to the great version of "99 Red Balloons". Released in conjunction with Positive Force.
